

## **Dream Team : Sam Thomas**

*A team of Eagles, Americans and World Champions*

### **Martin Dugard**

First wild card to win a grand prix, an amazing rider who could've been the best in the world if he was more motivated.

### **Davey Watt**

A very likeable rider who can mix it with the big boys and who served the Eagles very well in the two seasons he rode.

### **Greg Hancock**

The most likeable guy in speedway and a great team rider. He has only become world champion once but could've become several times over.

### **David Norris**

A local lad who blew hot and cold throughout his career. One of the top riders in the league in 2004, just a shame it was too late.

### **Bruce Penhall**

Another great American who unfortunately never rode for Eastbourne. A deserved two times world champion and the ultimate professional in his day.

### **Tony Rickardsson**

You cannot leave him out, I would also include Ivan Mauger but I saw Rickardsson ride and set the current track record around Arlington.

### **Leigh Adams**

How has he not won the world title? The best underachiever ever. You could mistake for sitting on an armchair as he is so relaxed on the bike.
